The BZM regulations are valid for this vehicle

To use the Mercedes me connect services, you must register on the Mercedes me Portal and also accept the Terms of Use for the Mercedes me connect services. In addition, the relevant vehicle must be paired with the user account. Upon expiry of the initial term, the services can be renewed for a fee. Initial activation of the services is possible within 1 year of first registration or commissioning by the customer, whichever occurs first.

Please note that the scopes may vary according to model series and year of construction or between private and business customer accounts.
